

## Junior Fair Presentation Ideas

Entering the Showcase is as simple as submitting a photo or video you've already taken/recorded of something you've been doing this summer or throughout the year, doesn't have to be a finished project (although we welcome those too!). Need entry ideas? Check out the 2018-2019 Premium Book: <https://winnebagocountyfaironline.com/exhibitors/>

## Here's some more inspiration for you:

- Submit pictures of different views of project/animal (individually, as a collage or combined in a Word Doc)
  - Baking: whole thing, top, bottom, cut open
  - Animals: front, back, side view, close-ups of key features
  - Vegetables: on plant, whole thing, stem end, blossom/root end
- Did you attend another show with your animal this summer? Share your pics from the show!
- Is your project a gift for someone else? Show them receiving the item and include close-ups of the item
- Making a poster? Take a photo of poster or video yourself explaining the poster and what it is telling the viewer
- Dog project: Do a video of several different commands you have learned, including tricks.
- Music and drama can be a video of your performance, a sound file, or a combination with pictures.
- Sewing/Knitting/Crocheting - make a mini style show video of you or someone else wearing what you have made
- Photography Ideas:
  - Mount them as usual and photograph it
  - Have someone video you taking photos and then show your photos at the end of the video
  - Make a teaching video showing how and why you selected your photos for display
- **Let's see you in action! Show us the process as you worked on your project:**
  - Plants, Flowers, Animals? Show some things you do to take care of that project and then the end result. Example Plants/Flowers-weeding, watering, treating for disease Animals- feeding, grooming
  - Do a time-lapse video or photo collage of your plant/animal growing, or stages of your project.
  - Arts/Sewing/Refurnishing: If doing a project using recycled materials use before and after photos
  - Make a "how to" video showing someone else how to create your art, recipe, clip your animal, etc.
  - Veggies/Fruits/Flowers? Make a teaching video of how you picked which items to display in the show case. Example which zucchini are the right size for showing.
  - House plants or planters? Show prep for displaying like dead heading, trimming, getting rid of dust and then end product - video or photo collage
  - Food - doing a historical recipe? Interview the person who created/used the recipe or the person closest to that person and video or photograph the recipe being made
  - Foods Place Setting: show it being used during a meal or do it for a whole table for a family meal
  - Collections: show collecting an item (insects, leaves, etc), how to mount and then the whole collection
  - Putting together a first aid kit? Video of the things your including and why or lay out the items and photograph them or make a video of you using the kit to treat an injury (real or fake)
  - Creating a game or project to be used? Show the creating and then being used

## Tell us something about your project/experience:

This could be included in your submission form, as a separate file, or as part of a document that includes your pictures.

- Tell us how many years you've been involved in this project/hobby/etc.
- Describe the learning & work you did, who helped you with your project this year and the tools, techniques and skills you used or learned.
- Consider including technical information: type of camera, type of fabric, breed, gender & age of animals, scientific/common names, etc.
- Describe how the item you made, the animal you worked with or the skills you learned will be used in the future.
- Share challenges you had along the way. What happened? What was the solution or what will you try next time?
- Ask friends/family/leaders or another expert to "review" your project and submit their comments
  - Ask friends/family members to taste-test your cooking/baking
