2021 COVID-19 CONSIDERATIONS

Winnebago County Fair Oshkosh, Wisconsin

Planning for the 2021 Fair includes continuously monitoring the ongoing COVID-19 pandemic and working with the [Sunnyview Exposition Center/Winnebago County Parks Department](#) and the [Winnebago County Health Department](#) to develop COVID-19 Safety Plans. At this time, we are planning for a traditional county fair with safety precautions in place. We will keep you informed as we develop our specific COVID safety plan and requirements that will impact our vendors.

- Vendors will need to submit COVID-19 safety plans that meet Winnebago County Health Department/Sunnyview Expo Center requirements (still under development as of January 2021).
 - Initial plans can be submitted with this application.
 - Plans will be reviewed closer to the event, and any required revisions will be due in July.
 - **Please submit any of your own safety/health related requests with this application.**
Your health and safety (along with that of our volunteers, exhibitors and fair-goers) is our first priority.
- The Fair will notify vendors as soon as possible of any new COVID-19 safety requirements OR if there are any significant changes to the traditional format of the Fair.
- We understand the financial hardship the pandemic has caused for many businesses and that the situation for this summer is still unpredictable. As we did in 2020, we will work with our vendors on cancellations/refunds due to COVID-19.
